Report on Internal Control over Financial Reporting and on Compliance and Other Matters	99
Report on Compliance with State Laws and Regulations	101

March 19, 2020

Honorable Mayor, Town Council and Citizens of the Town of Pinetop-Lakeside, Arizona:

We are pleased to submit to you the 2019 Comprehensive Annual Financial Report (CAFR) for the Town of Pinetop-Lakeside, Arizona (the Town) in accordance with the Arizona Revised Statutes, Section 9-481.

This document represents management's report to its governing body, legislative and oversight bodies, constituents, and investors and creditors. Copies of this report will be sent to the Town's elected officials, made available to all management personnel, placed on the Electronic Municipal Market Access (EMMA) website for all bond rating agencies and repositories and other agencies that have expressed an interest in the Town's financial matters. Copies of this financial report will also be placed on record in the Town Clerk's official library and on the Town's website for use by the general public.

Responsibility for the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rest with the management of the Town. The Town has established and maintains a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of financial statements. We believe the data, as presented in this report, is accurate in all material respects and is presented in a manner which fairly sets forth the financial position and results of operations of the Town on both a city-wide and fund basis. Furthermore, we believe that all disclosures necessary to enable the reader to gain an understating of the Town's financial activity and financial stability have been included.

These financial statements have been prepared in accordance with Generally Accepted Accounting Principles of the United States of America (GAAP) for local governments as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

An independent firm of certified public accountants, Hinton Burdick, PLLC, whose report is included herein, has examined the basic financial statements and related notes. As stated in the independent auditors' report, the goal of the independent audit was to provide reasonable assurance that the financial statements of the Town of Pinetop-Lakeside, Arizona for the fiscal year ended June 30, 2019, are free from material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the financial statements for the Town of Pinetop-Lakeside, Arizona for the fiscal year ended June 30, 2019, are fairly presented, in all material respects, and are in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Town

The Town of Pinetop-Lakeside, incorporated in 1984, has a Council-Manager form of government with a seven member Town Council consisting of a Mayor and six Council Members. The current Mayor was directly elected by the voters, and her two-year term began in November 2018. Council members serve four-year terms, with three or four members elected every two years. The Town Council is vested with policy and legislative authority and is responsible for passing ordinances, adopting the budget, appointing committee, commission, and board members, and appointing the positions of Town Manager, Town Attorney, Magistrate Judge, and Town Clerk. The Town Manager is responsible for carrying out the policies and enforcing the ordinances of the Town Council, as well as overseeing the day-to-day operations of the Town.

The Town of Pinetop-Lakeside is located in Navajo County in the eastern part of the State of Arizona. It currently occupies 11.3 square miles and serves a population of 4,463 (estimated). The Town of Pinetop-Lakeside is empowered to levy a property tax on real property located within its boundaries, and to extend its corporate limits by annexation. The Town has chosen not to levy a property tax since incorporation.

The Town's economy is primarily tourism focused with the majority of local operating revenue being generated through sales and bed taxes. During this last year, both statewide and nationally, economic conditions have steadily improved and this has been felt in Pinetop-Lakeside. For the fiscal year ended June 30, 2018, the Town's sales taxes were up about 18% over the prior year. For this year, sales taxes were up over 9% from the preceding year.

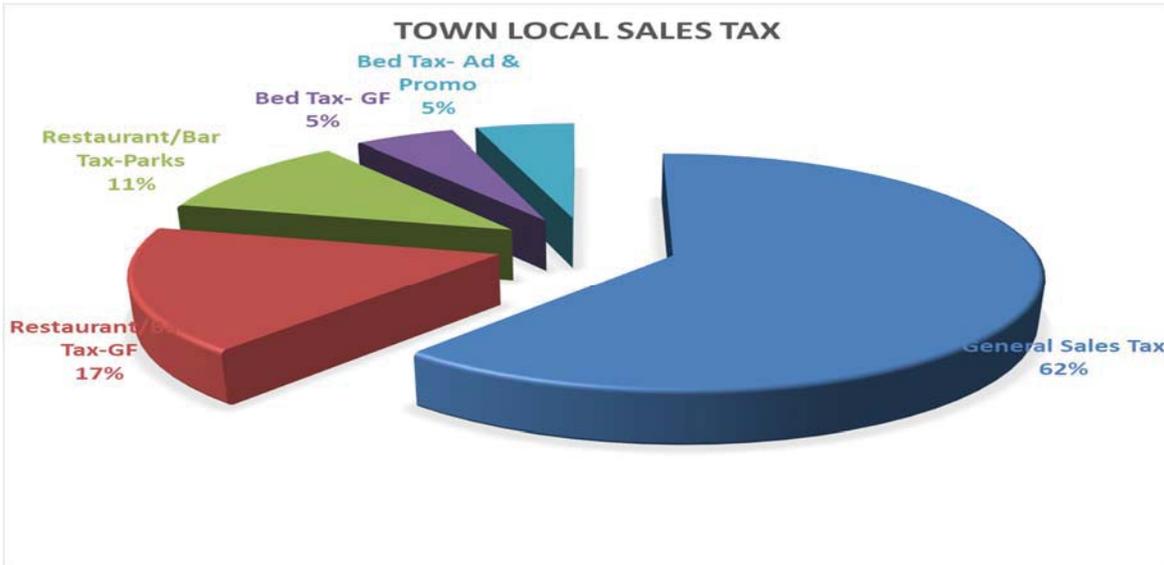

The Town of Pinetop-Lakeside provides a full range of municipal services, including police protection, snow removal, traffic control, planning and zoning services, building inspections, maintenance of streets and other infrastructure, recreational and cultural activities, and library services. The Town partners with other organizations to provide various community services that otherwise would not be cost-effective to operate as a Town function. Some partner-operated functions include the Senior Center, Humane Society, Transit services, and teen and youth programs.

The Town Council is required to adopt an initial budget for the fiscal year no later than August 15 for the fiscal year beginning on July 1. This annual budget serves as the foundation for the Town of Pinetop-Lakeside's financial planning and control. The budget is prepared by fund, function (e.g., public safety), and department (e.g., police). Department heads may transfer resources within a department as they see fit. Transfers between departments, however, need special approval from the Town Manager. Any other budget amendments, such as transfers between funds, require Council action.

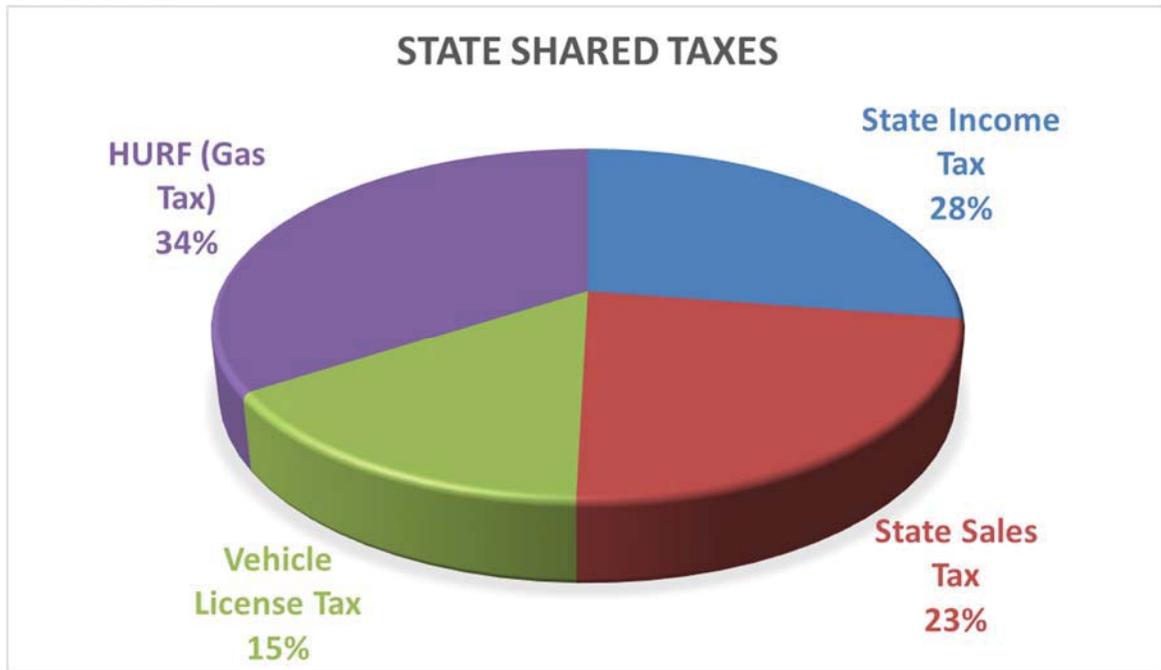

Local economy

The Town of Pinetop-Lakeside is a rural area depending heavily on the tourist trade. Major industries located within the Town's boundaries or in close proximity include a hospital, manufacturing, retail stores, several medical and legal practices, financial institutions and insurance companies. The Blue Ridge Unified School District also has a significant economic presence, employing teachers, professionals, and support staff. There is a heavy reliance on Sales tax and the economy is heavily driven by tourism and the generation of sales taxes from tourism related activities. Overall, sales tax revenues comprise approximately 67% of the Town's revenues.

The Town's sales tax rate is 3.00%, with general capital projects being funded from an annually adjusted transfer at levels necessary to support needed projects and allowing for allocation of funds to the most fundamental areas of service. The Town also has a 3% Bed tax (occupancy) which is allocated to the Tourism Advertising and Promotion Fund and a 2.0% Restaurant/Bar tax which is allocated to the Parks Fund.

State shared revenues received by the Town of Pinetop-Lakeside include allocations of the State-collected sales, income, and gas and motor vehicle in-lieu taxes. The sales, income and vehicle taxes are placed in the Town's General Fund, where it is used to support the Town's day-to-day activities. The gas taxes are placed into the Streets Fund, where it is used for the Town's construction and maintenance of streets and roads. The gas tax is restricted to this type of fund. State shared revenues comprise approximately 20% of the Town's revenues.

Because of its location in a region with a narrow economic base, unemployment has been relatively stable. However, the Town as well as the rest of the country, has seen a significant recovery in the last few years. Currently, the unemployment rate is estimated to be 3.8%.

Median household incomes within the Town of Pinetop-Lakeside are slightly higher than for the state as a whole, and higher than the rest of Navajo County. According to the year 2010 census, the town's median family income was \$52,123; the county's was \$34,547, while the state's was \$51,477. The Town's population recently increased from 3,582 in 2000 to 4,282 on the Census of 2010 – 20% growth over 10 years. Due to the softening of the housing market nationwide in 2009, home construction in Pinetop-Lakeside had been nearly at a standstill since that time. However, the Town has seen a significant jump in the amount of both residential and commercial construction in the last few years. The median price of a single-family home in the vicinity of the Town of Pinetop-Lakeside was \$200,550.

Long-term financial planning and major initiatives

In reviewing the long-term fiscal outlook for the Town, it is evident that the Town will need to provide new funding or reallocation of sources in order to balance demands for services. Council and Staff have begun the process of evaluating and prioritizing capital and programming needs and identifying possible funding strategies for those priorities. A five-year Capital Improvement Plan to maintain our infrastructure and update our equipment has been laid out by staff and presented to Council. The Town had recognized two major issues that needed to be addressed: (1) the need for an adequate Town Hall building, and (2) the need to address our deteriorating streets. Both of these issues were addressed last fiscal year. First, the Town sold revenue bonds and bought a new Town Hall building in December 2017. Second, the Town increased the sales tax (or TPT) rate on most items from 2.5% to 3.0%. The increase of .5% was dedicated to the Streets Fund to address deteriorating roads. Currently, our most pressing need is to plan for a new or renovated Police Department facility.

The Town staff and elected officials have worked cooperatively to implement the most efficient operations for the Town as possible. The Town of Pinetop-Lakeside maintains a five-year Capital Improvement Program which serves as its planning document to ensure that its facilities, equipment, and infrastructure are well maintained and operating in peak condition. Under the guidance of the Town Council, this process gives the Town of Pinetop-Lakeside the ability to plan for its capital needs and allocate short- and long-term resources appropriately. As part of this process, the Town identifies and quantifies the operational costs associated with its capital projects and budgets resources accordingly.

Relevant financial policies

The Town of Pinetop-Lakeside has adopted a comprehensive set of financial policies. During the current year, these policies were particularly relevant: the Town of Pinetop-Lakeside has a policy that requires the adoption of a balanced annual operating budget (i.e., estimated revenues equal to or in excess of appropriations). When estimated revenues are less than appropriations, the policy allows for the appropriation of fund balance to close the gap. In addition to the budget balancing strategies, forward looking revenue projections are conservatively estimated anticipating impacts to tourism related revenues. The forecasts are prepared to examine the Town's ability to absorb operating costs due to changes in the economy, service demands and capital improvements.

The preparation of this Comprehensive Annual Financial Report could not have been accomplished without the efficient and dedicated services of the staff of the Town's Finance Department along with the assistance of the Town's Department Heads. We also wish to thank the members of the Town Council for their interest and support in planning and conducting the financial affairs of the Town in a responsible and progressive manner.

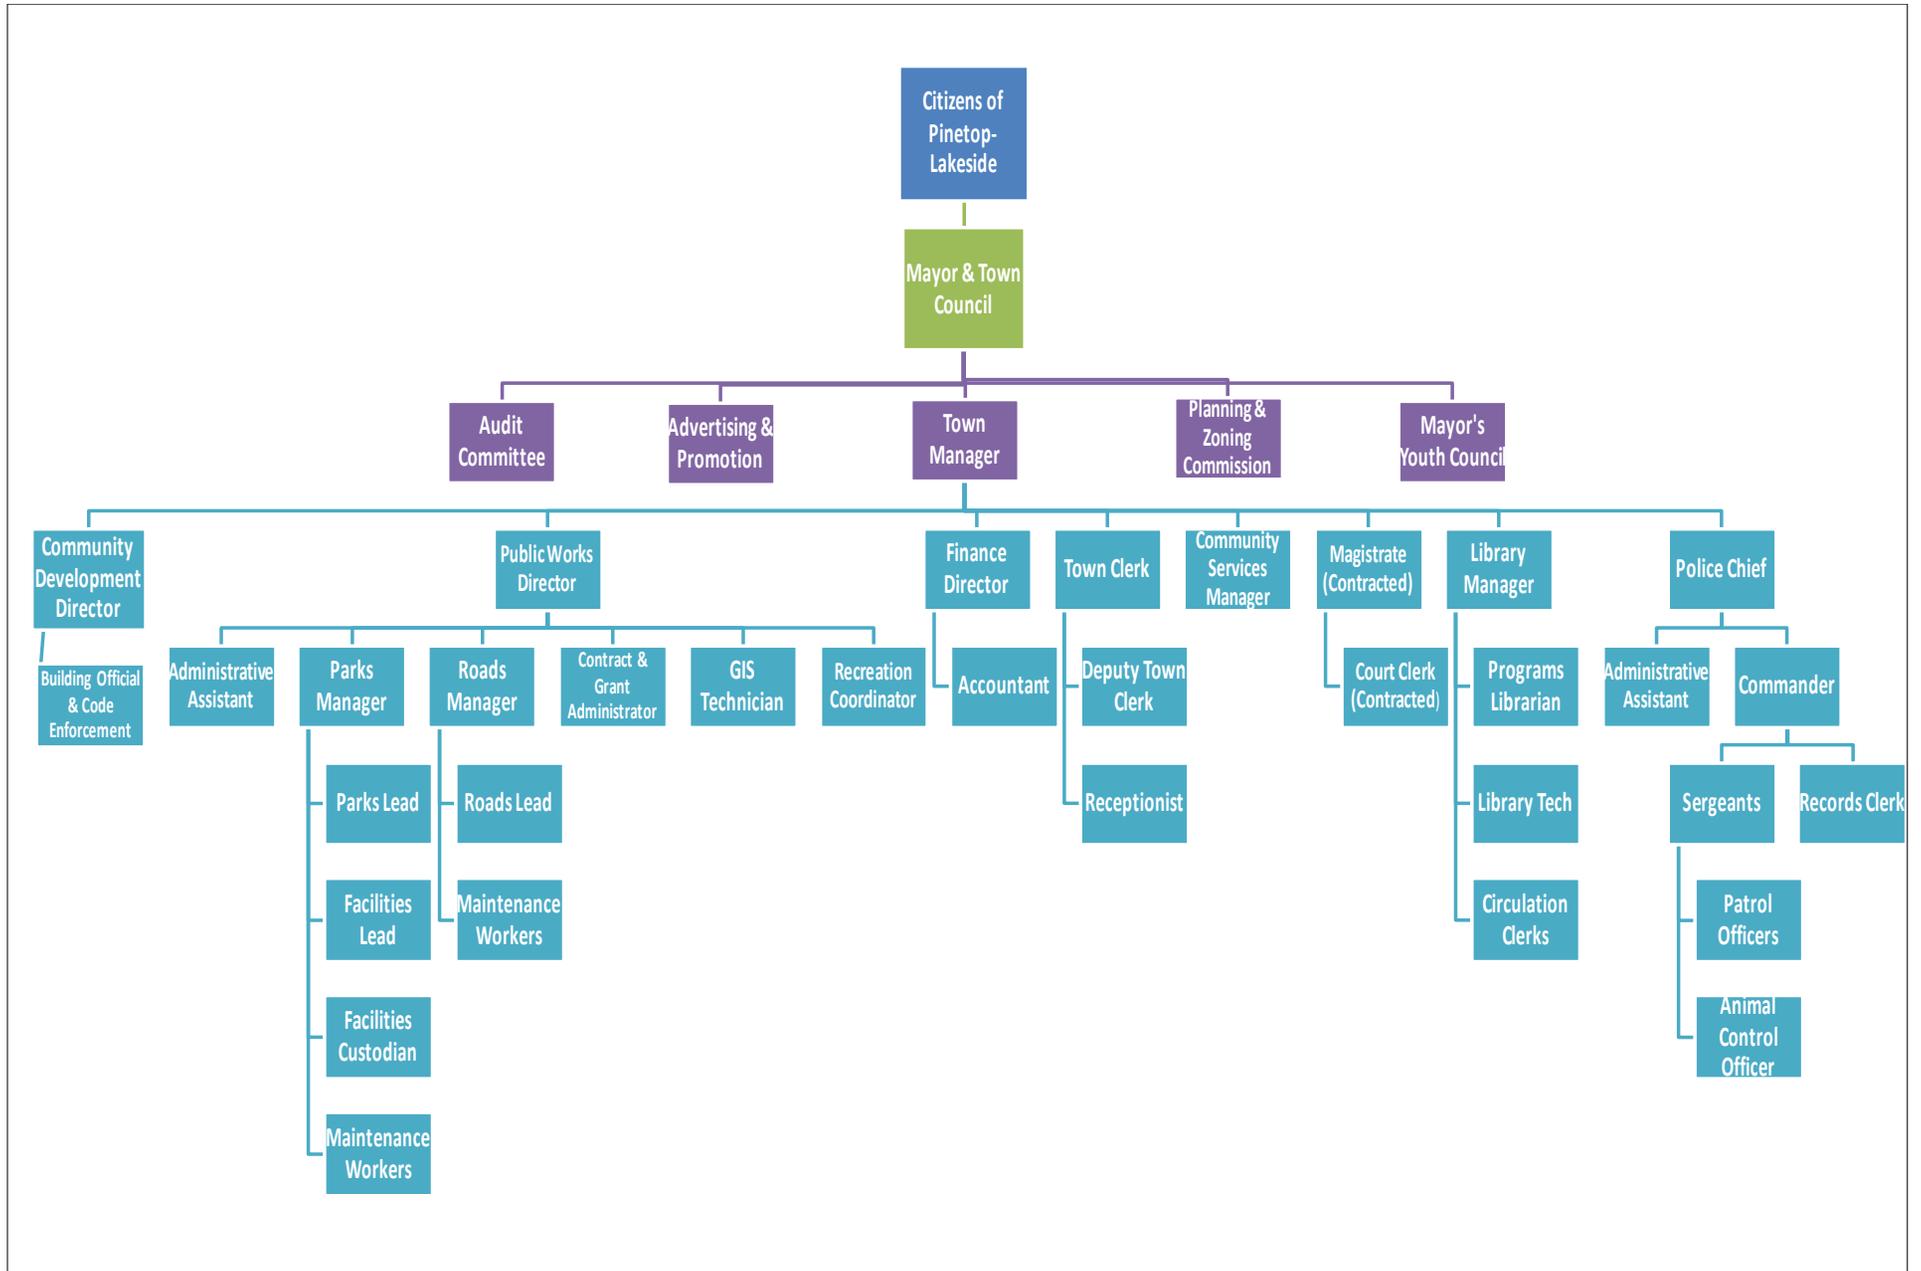

Respectfully submitted,

Kevin O. Rodolph, CPA
Finance Director

FINANCIAL SECTION

Independent Auditors' Report

The Honorable Mayor and
Town Council
Pinetop-Lakeside, Arizona

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Town of Pinetop-Lakeside, Arizona, as of and for the fiscal year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Town of Pinetop-Lakeside, Arizona, as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the pension and OPEB schedules, and budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Pinetop-Lakeside, Arizona's basic financial statements. The introductory section, budgetary comparison for the capital projects fund, combining and individual non-major fund financial statements and budgetary comparisons, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The budgetary comparison for the capital projects fund and the combining and individual non-major fund financial statements and budgetary comparisons are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison for the capital projects fund and combining and individual non-major fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2019, on our consideration of the Town of Pinetop-Lakeside, Arizona's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Pinetop-Lakeside, Arizona's internal control over financial reporting and compliance.

TOWN OF PINETOP-LAKESIDE, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year-Ended June 30, 2019

As management of the Town of Pinetop-Lakeside, we are proud to offer the Town's financial statements. This is a narrative of our discussion and analysis of the Town of Pinetop-Lakeside's financial performance and provides an overview of the Town's financial activities for the fiscal year ended June 30, 2019. Please read it in conjunction with the Town's financial statements, which begin on page 14.

FINANCIAL HIGHLIGHTS

- The Town's net position decreased by \$119,007 mainly as a result of this year's operations.
- During the year, the Town had expenses that were \$119,007 more than the \$7,743,961 generated in tax and other revenues for governmental programs.
- Total cost of all the Town's programs was \$7,863,638 with one business-type activity program added this year for solid waste.
- At the end of the current fiscal year, the Town of Pinetop-Lakeside's governmental funds reported combined ending fund balances of \$1,797,197 a decrease of \$227,578.
- The general fund reported a significant decrease of \$579,483.

OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis provided here are intended to serve as an introduction to The Town's basic financial statements. The Town of Pinetop-Lakeside's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) the notes to financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the Town of Pinetop-Lakeside's finances, in a manner similar to a private-sector business. The *statement of net position* presents financial information on all of the Town of Pinetop-Lakeside's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town of Pinetop-Lakeside is improving or deteriorating.

The *statement of activities* presents information showing how the Town of Pinetop-Lakeside's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Town of Pinetop-Lakeside that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Town of Pinetop-Lakeside include general government, public safety, public works/streets, culture and recreation, and economic development. The business-type activities of the Town of Pinetop-Lakeside include a solid waste operation.

The government-wide financial statements can be found on pages 14-15 of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Pinetop-Lakeside, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town of Pinetop-Lakeside can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in assessing a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Town of Pinetop-Lakeside maintains seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the highway users revenue fund, the recreation and tourism fund, and the capital projects fund which are considered to be major funds. Data from the other three governmental funds are combined into a single aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in the combining and individual fund statements and schedules section of this report.

The Town of Pinetop-Lakeside adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 16-19 of this report.

Proprietary Funds. The Town of Pinetop-Lakeside maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The Town of Pinetop-Lakeside uses enterprises funds to account for its solid waste operation. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the solid waste operation, which is considered to be a major fund of the Town of Pinetop-Lakeside.

The basic proprietary fund financial statements can be found on pages 20-22 of this report.

Notes to the Financial Statements. The notes provide additional information that is necessary to acquire a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found beginning on page 23 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents *required supplementary information* concerning the Town of Pinetop-Lakeside’s pension and OPEB plans and major special revenue funds. Required supplementary information can be found beginning on page 56 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the budgetary comparison schedule for the major capital projects funds. These combining and individual fund statements and schedules can be found beginning on page 74 of this report.

The Town as a Whole

Net position may serve over time as a useful indicator of the Town’s financial position. The Town’s combined net position decreased from \$1,470,231 to \$1,351,224 as shown in the following condensed statement of net position as of June 30, 2019. Our analysis below focuses on the Net Position and Changes in Net Position of the Town’s governmental activities.

Total resources available during the year to finance governmental operations were \$9.2 million consisting of Net position at July 1, 2018 of \$1,470,231, General revenues of \$6.4 million, and program revenues of \$1.3 million. Total Government Activities during the year were \$7.8 million; thus Governmental Net Position decreased by \$106,377.

The following graphs compare program expenses to program revenues and provide a breakdown of revenues by source for all government activities.

The following table presents the cost of each of the Town’s largest programs – police, public works, and general government – as well as each program’s net cost (total cost less revenues generated by the activities). The net per capita cost shows the financial burden that was placed on the Town’s taxpayers by each of these functions, based on the Town’s official population of 4,463. It is important to remember that the Town of Pinetop-Lakeside has no property tax, so it is dependent primarily on local sales taxes for revenues. This being the case, “the taxpayers” includes all visitors who shop in our Town.

Governmental Activities

	Total Cost of Services 2019	Net Per Capita Cost of Services 2019
Public Safety	\$ 2,892,140	\$648
Public Works/Streets	2,258,835	506
General Government	1,425,548	319
All Others	1,269,677	284
Totals	\$ 7,846,200	

The Town’s Funds

As the Town completed the year, its governmental funds (as presented in the balance sheet on page 16) reported a combined fund balance of \$1,797,197 which decreased from last year’s total by \$227,578. The Town uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

- The General Fund is the chief operating fund to the Town of Pinetop-Lakeside. At the end of the current fiscal year, the General fund had a significant deficit in operations of (\$579,483). This was a planned, one-time occurrence due to several major projects needing completion.
- The Highway Users Revenue Fund (HURF) had a surplus in operations of \$271,249 during 2019. The fund balance at year end remains positive at \$602,205. HURF funds are restricted for road and street construction and improvements.
- The Recreation and Tourism Fund had a surplus in operations of \$25,312 for the year. The revenue in this fund is provided by our special, incremental sales taxes which are an additional 3% levied on hotels/motels, and 2% levied on restaurant and bar sales.
- The Capital Projects Fund had a surplus in operations of \$11,137 for the year. Revenue recognized in this fund is mostly transfers from other funds, so changes in fund balance will be minimal.
- In January 2003, an additional 2 percent tax on restaurant and bar sales went into effect, with the proceeds of this new tax dedicated to the construction and maintenance of new recreational amenities, especially youth facilities. The revenues from this tax were used to fund the debt service and operations of the Mountain Meadow Recreation Complex and Woodland Lake Park.

General Fund Budgetary Highlights

The General Fund's revenues of \$5,415,127 were \$331,138 more than budgeted revenues of \$5,083,989. The General Fund's expenditures, \$5,994,610 (including transfers) were 98% of budgeted expenditures and transfers of \$6,141,241 a variance of \$146,630. Sales tax collection was up over last year in all our major categories except construction. The Town has ramped up our tourism and marketing efforts and this has paid off for us. It is also important to note that the Town raised the general sales tax rate from 2.5% to 3.0% as of 12-1-17 with the increase dedicated to our Streets Department.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of Fiscal Year 2019, the Town had \$9,401,059 (net of depreciation) invested in a broad range of capital assets, including buildings, park facilities, police equipment, roads, and other assets (See Table below), in Governmental Activities. The Town also had \$210,636 invested in capital assets in the new, Business-type Activity which is our solid waste operations. More detailed information is presented in Note 6 to the financial statements.

Capital Assets at Year-End

	Governmental Activities 2019	Business-type Activities 2019
Land	\$1,035,721	\$54,550
Construction in Progress	199,984	-
Buildings and Improvements	2,608,228	55,368
Infrastructure	2,479,533	-
Equipment	<u>1,334,503</u>	<u>100,718</u>
Total	<u>\$9,401,059</u>	<u>\$210,636</u>

Debt

At year-end, the Town had \$10.6 million in long-term obligations in Governmental Activities and \$200,000 in Business-type Activities as shown in the table below.

Outstanding Debt at Year-End

	Governmental Activities 2019	Business-type Activities 2019
Revenue bonds and notes (backed by specific tax and fee revenues)	\$1,953,639	\$210,000
Other long-term obligations	<u>8,688,535</u>	-
Totals	<u>\$10,642,174</u>	<u>\$210,000</u>

Other obligations include accrued vacation, sick leave, net pension/OPEB liabilities and capital leases. More detailed information is presented in Notes 7, 8 and 9 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

The Town of Pinetop-Lakeside, Arizona as well as other Arizona cities and towns, remains dependent on State shared revenues and Local sales taxes for resources. These revenue sources are economically sensitive taxes and subject to up turns and slowdowns in the economy and legislative appropriations. The Town is committed to creating and maintaining a cash reserve for general fund operations, both for financial stability and in anticipation of the capital and operational needs of the community. However, as noted earlier, the Town incurred a \$579,483 deficit in General Fund operations this year. This was a planned, one-time occurrence due to several major projects needing completion.

The Town's elected and appointed officials consider many factors when setting the fiscal year budgets. Local sales tax collection was up about 9% in the Town of Pinetop-Lakeside as compared to the prior year. In keeping with Town policy, projected revenues are kept roughly even with the prior year's actual receipts, modified for inflation.

CONTACTING THE TOWN'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the Town's finances for all of those with an interest in the government's finances and to demonstrate accountability for the use of public funds. Questions about this report, or requests for additional financial information should be addressed to: Town of Pinetop-Lakeside, Finance Department, 325 W. White Mountain Blvd, Lakeside, Arizona 85929, or call 928-368-8696. Or visit our website at: www.pinetoplakesideaz.gov

TOWN OF PINETOP-LAKESIDE, ARIZONA
Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Position
June 30, 2019

Total fund balances - governmental funds \$ 1,797,197

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.

Governmental capital assets	\$ 16,099,510	
Accumulated depreciation	(6,698,451)	
		9,401,059

Net OPEB asset is not an available resource and, therefore is not reported in the funds. 6,662

Deferred outflows and inflows of resources related to pensions/OPEB are applicable to future reporting periods and, therefore, are not reported in the funds.

Deferred outflows	\$ 1,436,651	
Deferred inflows	(591,698)	
		844,953

Interest payable on long-term debt does not require current financial resources and therefore, is not reported as a liability in the governmental funds balance sheet. (43,843)

Some liabilities are not due and payable in the current period and therefore are not reported in the funds.

Bonds payable	\$ (1,875,000)	
Bond premium	(78,639)	
Leases payable	(623,345)	
Compensated absences	(183,770)	
Net pension/OPEB liabilities	(7,876,536)	
Landfill closure payable	(4,884)	
		(10,642,174)

Total net position - governmental activities	\$ 1,363,854

TOWN OF PINETOP-LAKESIDE, ARIZONA
Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds
To the Statement of Activities
For the Fiscal Year Ended June 30, 2019

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$	(227,578)
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of those assets is allocated over their estimated useful lives and reported as depreciation expense. The following is the difference between depreciation expense and capital outlay in the current period.</p>		
Capital outlay	\$	1,258,517
Depreciation expense		<u>(622,659)</u>
		635,858
<p>Governmental funds report the gross proceeds from the sale of capital assets as revenue. However, in the statement of activities, the gain (loss) on the sale of capital assets is reported net of its net book value.</p>		
		(903)
<p>Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.</p>		
		227,467
<p>Issuance of long-term debt provides current financial resources in the governmental funds but increases long-term liabilities in the statement of net position.</p>		
		(366,031)
<p>Governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.</p>		
		2,809
<p>Accrued Interest for long-term debt is not reported as an expenditure for the current period while it is recorded in the statement of activities.</p>		
		(2,413)
<p>Pension/OPEB contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the statement of net position because the net pension/OPEB liability is measured a year before the Town's report date. Pension/OPEB expense, which is the change in the net pension/OPEB liability adjusted for changes in deferred outflows and inflows of resources related to pensions/OPEB, is reported in the statement of activities.</p>		
Pension/OPEB contribution	\$	599,416
Pension/OPEB expense		<u>(991,720)</u>
		(392,304)
<p>Compensated absences reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.</p>		
		16,718
Change in net position of governmental activities	\$	<u><u>(106,377)</u></u>

The accompanying notes are an integral part of the financial statements.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 1. Summary of Significant Accounting Policies

Description of government-wide financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information of the primary government and its component units. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, when applicable, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

Reporting entity

The Town of Pinetop-Lakeside, Arizona (the Town) is a municipal corporation governed by a council elected at large, and the council appoints the mayor from among the elected council. The accompanying financial statements present the Town and its component units, entities for which the Town is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the Town. There are no discretely presented component units and one blended component unit.

Blended component unit. The Pinetop-Lakeside Municipal Property Corporation (MPC) is a nonprofit corporation incorporated under the laws of the State of Arizona, was formed for the sole purpose of assisting the Town in obtaining financing for various projects for the Town. The MPC has been included (blended) as part of the reporting entity within the Recreation & Tourism Special Revenue fund in this financial report. All related receivables and payables between the Town and the MPC have been eliminated.

Basis of presentation – government-wide financial statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds and proprietary funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 1. Summary of Significant Accounting Policies, Continued

Basis of presentation – fund financial statements

The fund financial statements provide information about the Town's funds, including its blended component unit. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements. The Town does not have any fiduciary funds.

The Town reports the following major governmental funds:

The **General Fund** is the Town's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The **Highway Users Revenue Fund** is used to account for the Town's share of motor fuel tax revenues and lottery proceeds which are restricted for the maintaining, repairing, and upgrading of streets.

The **Recreation and Tourism Fund** is used to account for revenues derived from specific taxes, grant or other restricted revenue sources. Town ordinances or Federal and state statutes specify the use and limitation of each revenue source.

The **Capital Projects Fund** is used to account for major capital asset purchases and capital projects.

The Town reports the following major enterprise funds:

The **Solid Waste Fund** is used to account for the recycling and trash collection center activity.

During the course of operations the Town has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as internal balances in the business-type activities column.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 1. Summary of Significant Accounting Policies, Continued

Measurement focus and basis of accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement* focus and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Taxes, sales taxes, state shared revenues, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the Town.

The proprietary funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 1. Summary of Significant Accounting Policies, Continued

Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance

Deposits and investments

Cash includes cash on hand, demand deposits with banks and other financial institutions, deposits in other types of accounts or cash management pools that have the general characteristics of demand deposit accounts and short-term investments with original maturities of three months or less from the date of acquisition. The Town's policy allows for the investment of funds in time certificates of deposit with federally insured depositories, investment in the state treasurer's pool, obligations of the U. S. Government and other investments as allowed by Arizona State Statutes. All investments are carried at fair value with unrealized gains and losses recorded as adjustments to interest earnings. Fair market values are based on quoted market prices. The fair value of each share in the Local Government Investment pool is equal to \$1.

Prepaid items

Certain payments to vendors reflect cost applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

Inventories

The costs of governmental fund-type inventories are recorded as expenditures when purchased rather than when consumed.

Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an individual cost of more than \$5,000 and an estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

In accordance with GASB 34, the Town has opted not to retroactively report infrastructure assets.

Land and construction in progress are not depreciated. The other property, plant and equipment is depreciated using the straight-line method over the following estimated useful lives:

Building and improvements	10 to 40 years
Machinery and equipment	5 to 10 years
Vehicles	5 to 10 years
Streets and sidewalks	20 to 40 years

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 1. Summary of Significant Accounting Policies, Continued

Unearned revenue

Unearned revenues arise when potential revenue is received by the Town from various granting agencies before it has a legal claim to them or when grant monies are received prior to the incurrence of qualifying expenditures, i.e., contract and grant receipts received in excess of expenditures incurred are recognized as unearned revenue. In subsequent periods, when the revenue recognition criteria is met, or when the Town has a legal claim to the resources, the liability or unearned revenue is removed from the balance sheet and the revenue is recognized.

Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/ expenditure) until then. The Town has one type of item that qualifies for reporting in this category. It is pension/OPEB related items reported on the government-wide financial statements. See footnote 9 for more information.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town has one type of item that qualifies for reporting in this category. It is pension/OPEB related items reported on the government-wide financial statements. See footnote 9 for more information.

Pensions and other postemployment benefits

For purposes of measuring the net pension and other postemployment benefits (OPEB) assets and liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the plans' fiduciary net position additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net position flow assumption

Sometimes the Town will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 1. Summary of Significant Accounting Policies, Continued

Fund balance flow assumptions

Sometimes the Town will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund balance policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The Town itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the Town's highest level of decision-making authority. The governing council is the highest level of decision-making authority for the Town that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the Town for specific purposes but do not meet the criteria to be classified as committed. The Town Manager is authorized to assign fund balance. The council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Revenues and expenditures/expenses

Program revenues

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 1. Summary of Significant Accounting Policies, Continued

Compensated Absences

It is the Town's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Sick leave is accrued for employees with ten years of service. All vacation pay is accrued when incurred in the government-wide financial statement. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignation and retirements.

Proprietary funds operating and nonoperating revenues and expenses

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the solid waste fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Tax Abatements

The Town has not entered into any tax abatement agreements and the Town is not aware of any tax abatement agreements that have been entered into by other governments that would reduce the Town's tax revenues.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 2. Reconciliation of Government-Wide and Fund Financial Statements

The governmental fund balance sheet includes a reconciliation between total governmental fund balances and net position of governmental activities as reported in the government-wide statement of net position. This difference primarily results from the long-term economic focus of the statement of net position versus the current financial resources focus of the governmental fund balance sheets. The details of these differences are reported in the reconciliation on page 17.

The governmental fund statement of revenues, expenditures, and changes in fund balance includes a reconciliation between net changes in fund balances-total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. These differences are the result of converting from the current resources measurement focus and modified accrual basis for governmental fund statements to the economic resources measurement focus and full accrual basis used for government-wide statements. The details of these differences are reported in the reconciliation on page 19.

Note 3. Stewardship, Compliance, and Accountability

Stewardship, compliance, and accountability are key concepts in defining the responsibilities of the Town. The use of budgets and monitoring of equity status facilitate the Town's compliance with legal requirements.

Budgets and Budgetary Accounting

The Town Council follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Arizona Revised Statutes, the Town Manager submits a proposed budget for the fiscal year commencing the following July 1 to the Town Council. The operating budget includes proposed expenditures and the means of financing them for the upcoming year.
2. Public hearings are conducted to obtain taxpayer comment.
3. Prior to the third Monday in August, the expenditure limitation for the Town is legally enacted through passage of an ordinance. To ensure compliance with the expenditure limitation, a uniform expenditure report must be filed with the State each year. This report, issued under a separate cover, reconciles total Town expenditures from the audited financial statements to total expenditures for reporting in accordance with the State's uniform expenditure reporting system (A.R.S. §41-1279.07).
4. State law requires that, prior to April 1, the Economic Estimates Commission provides the Town with a final expenditure limit for the coming fiscal year.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 3. Stewardship, Compliance, and Accountability, Continued

5. Expenditures may not legally exceed the expenditure limitation of all fund types as a whole. For management purposes, the Town adopts a budget by department for the General Fund and in total by fund for other funds. The Town Manager, subject to Town Council approval, may at any time transfer any unencumbered appropriation balance or portion thereof between a department or activity. The adopted budget cannot be amended in any way without Town Council approval.
6. Formal budgetary integration is employed as a management control device during the year for the General and Special Revenue Funds on essentially the same modified accrual basis of accounting used to record actual revenues and expenditures.

The Town is subject to the State of Arizona's Spending Limitation Law for Towns and Cities. This law does not permit the Town to spend more than budgeted revenues plus the carry-over unrestricted cash balance from the prior fiscal year. The limitation is applied to the total of the combined funds. The Town complied with this law during the year.

No supplementary budgetary appropriations were made during the year. The Town's budget includes \$75,000 for contingencies.

Expenditures over Appropriations

The individual Statements of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual reports as listed in the table of contents present all of the funds which incurred an excess of expenditures/expenses over appropriations for the fiscal year ended June 30, 2019, if any.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the Town.

Taxes

Normally, property tax revenues are recognized as revenues in the year collected or if collected within 60 days thereafter unless they are prepaid. However, the Town has not adopted any property tax levies.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 4. Deposits and Investments

Deposits

Custodial Credit Risk

For deposits this is the risk that in the event of a bank failure, the government's deposit may not be returned to it. The Town does not have a formal policy for custodial credit risk. At June 30, 2019, cash on hand was \$921, and the carrying amount of the Town's deposits was \$1,623,911. As of June 30, 2019, the Town's bank balance of \$1,554,145 was fully insured or collateralized.

Investments

The Arizona State Treasurer's Office operates the Local Government Investment Pool (LGIP). The LGIP is available for investment of funds administered by any Arizona Public Treasurer.

The LGIP is not registered with the SEC as an investment company. The State Board of Investments provides oversight for the State Treasurer's investment pools. Deposits in the LGIP are not insured or otherwise guaranteed by the State of Arizona, and participants share proportionally in any realized gain or losses on investments.

The provisions of State law (A.R.S. 35-323) govern the investment of funds in excess of \$100,000. A.R.S. 35-323 allows for investments in certificates of deposit, interest bearing savings accounts, repurchase agreements with a maximum maturity of 180 days, pooled investment funds established by the State Treasurer, obligations guaranteed by the United States, bonds of the State of Arizona or other local municipalities, commercial paper of prime quality that is rated "P-1" by Moody's investors or "A-1" by Standard and Poor's rating service, and bonds, debentures or notes that are issued by corporations organized and doing business in the United States subject to certain restrictions. For investments of less than \$100,000, procedures as specified by local ordinance or resolution must be followed.

As of June 30, 2019 the government had the following investments, ratings, and maturities:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Rating</u>	<u>Weighted Average Maturity (Years)</u>
U.S. Treasury Securites	\$ 85,225	(1)	0.12
Arizona Local Government Investment Pool	<u>50,502</u>	(2)	0.10
Total Fair Value	<u>\$ 135,727</u>		

- (1) The Town's investment in the U.S. Treasury Securities was rated AAA from Moody's.
- (2) The Town's investment in the State Treasurer's Investment Pool #5 was rated AAA from Moody's.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 4. Deposits and Investments, Continued

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Town has the following recurring fair value measurements as of June 30, 2019:

- U.S. Treasury Securities are valued using quoted market prices (Level 1 inputs).
- Arizona Local Governmental Investment Pool is valued using inputs other than quoted prices, that are observable (Level 2 inputs).

Interest rate risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Town's policy for managing its exposure to fair value loss arising from increasing interest rates is to comply with the provisions of State law (A.R.S. 35-323) which requires that the Town's investment portfolio maturities do not exceed five years from the time of purchase.

Credit risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Town's policy for reducing its exposure to credit risk is to comply with State law (A.R.S. 35-323) which limits investment in commercial paper and corporate bonds to the top ratings issued by nationally recognized statistical rating organizations such as Standard & Poor's and Moody's Investor Services. A summary of the Town's investments and investment ratings are provided in the schedule above.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 5. Interfund Receivables, Payables and Transfers

Interfund receivables or payables result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transaction are recorded in the accounting system, and (3) payments between funds are made.

As of June 30, 2019, interfund receivables and payables are as follows:

	Due from Other Funds	Due to Other Funds
General Fund	\$ 41,786	\$ -
Special Revenue Funds:		
Grant Fund	-	41,786
	\$ 41,786	\$ 41,786

Interfund balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

As of June 30, 2019, interfund transfers are as follows:

	Transfers In			
Transfers Out	Capital Projects Fund	Grants Fund	Solid Waste	Total
General Fund	\$ 804,992	\$ 13,460	\$ 4,138	\$ 822,590
HURF Fund	-	2,822	-	2,822
Recreation Fund	40,926	3,500	-	44,426
	\$ 845,918	\$ 19,782	\$ 4,138	\$ 869,838

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in certain funds to finance various programs accounted for in other funds in accordance with budgetary authorizations.

TOWN OF PINETOP-LAKESIDE, ARIZONA

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 7. Long-Term Liabilities, Continued

A description of other long-term liabilities are as follows:

The City has no unused lines of credit as of June 30, 2019.

Other than pledged revenues for the series 2017 revenue bonds as noted in the schedule on the following page, none of the City's bonds contain pledged assets, finance related events of default finance related termination events, acceleration clauses, and/or subjective acceleration clauses.

The compensated absences represent the portion of employee vacation and sick leave that will not be liquidated with current assets of the governmental fund types. Each governmental funds' liability for compensated absences is liquidated by the respective fund, the majority of which is the general fund.

Net pension liabilities consist of Arizona State Retirement System and Public Safety Personnel Retirement System liabilities. See footnote 9 for more information. Each governmental funds' liability for net pension liabilities is liquidated by the respective fund, the majority of which is the general fund.

Due to requirements placed on Navajo County Lone Pine Landfill by Federal and State regulatory agencies (e.g. EPA and ADEQ) in 1995, the landfill was closed and must be monitored for thirty years. Landfill monitoring costs are the Town's share of total estimated costs of closing and monitoring the Lone Pine Landfill. The remaining post-closure costs have been estimated based on engineering studies and will be revised each year based on inflation/deflation and/or technology changes.

Revenue Bonds:

Pledged Revenue and Revenue Refunding Bonds, Series 2017 due in annual principal and semi-annual interest installments, bearing interest at 3% to 4%, maturing July 1, 2047.	\$ 1,875,000
Bond premiums	<u>78,639</u>
Total bonds payable	1,953,639
Less: current portion	<u>(52,809)</u>
Total Revenue Bonds net of current portion	<u><u>\$ 1,900,830</u></u>

Note 8. Capital Leases Payable

The Town entered into lease agreements, which are considered capital leases in accordance with Generally Accepted Accounting Principles. The following is an annual schedule of future minimum lease payments with the interest of 3.2-6.99%, together with the present value of the net minimum lease payments:

June 30,	Governmental Activities	Business-Type Activities
2020	\$ 176,858	\$ 26,551
2021	166,701	26,551
2022	170,510	26,551
2023	155,231	26,551
2024	12,801	26,551
2025-2029	12,803	84,290
2030-2034	-	51,981
Total remaining lease payments	694,904	269,026
Less amount representing interest	(71,559)	(59,026)
Present value of net remaining minimum lease payments	\$ 623,345	\$ 210,000

A summary of assets acquired through capital leases follows:

Governmental Activities	Cost	Accumulated Depreciation
Machinery & equipment	\$ 927,945	\$ (213,619)
Total	\$ 927,945	\$ (213,619)
Business-Type Activities		
	Cost	Accumulated Depreciation
Land	\$ 54,550	\$ -
Buildings and improvements	7,356	(41)
Improvements other than buildings	48,254	(201)
Machinery & equipment	66,411	(401)
Vehicles	35,000	(292)
Total	\$ 211,571	\$ (935)

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements

Note 9. Pensions and Other Postemployment Benefits

The Town contributes to the Arizona State Retirement System and Public Safety Personnel Retirement System plans described below. The plans are component units of the State of Arizona. At June 30, 2019, the Town reported the following aggregate amounts related to pensions for plans to which it contributes:

<u>Statement of Net Position and Statement of Activities</u>	<u>ASRS</u>	<u>PSPRS</u>	<u>Governmental Activities Total</u>
Net OPEB asset	\$ 6,662	\$ -	\$ 6,662
Net pension liabilities	2,534,076	5,184,454	7,718,530
Net OPEB liabilities	9,515	148,491	158,006
Deferred outflows of resources	671,235	765,416	1,436,651
Deferred inflows of resources	343,841	247,857	591,698

The Town reported \$602,263 of pension expenditures in the governmental funds related to all pension plans to which it contributes.

Arizona State Retirement System (ASRS)

Plan description – Town employees not covered by the other pension plans described below participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its website at www.azasrs.gov.

Benefits provided – The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

	<u>Initial Membership Date Before July 1, 2011</u>	<u>Initial Membership Date On or After July 1, 2011</u>
Years of service and age required to receive benefit	Sum of years and age equals 80 10 years age 62 5 years age 50* any years age 65	30 years age 55 25 years age 60 10 years age 62 5 years age 50* any years age 65
Final average salary is based on	Highest 36 consecutive months of last 120 months	Highest 60 consecutive months of last 120 months
Benefit percent per year of service	2.1% to 2.3%	2.1% to 2.3%

* With actuarially reduced benefits.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 9. Pensions and Other Postemployment Benefits, Continued

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earning. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the retirement benefit option chosen determines the survivor benefit. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

Health insurance premium benefits are available to retired or disabled members with 5 years of credited service. The benefits are payable only with respect to allowable health insurance premiums for which the member is responsible. For members with 10 or more years of service, benefits range from \$100 per month to \$260 per month depending on the age of the member and dependents. For members with 5 to 9 years of service, the benefits are the same dollar amounts as above multiplied by a vesting fraction based on completed years of service.

Active members are eligible for a monthly long-term disability benefit equal to two-thirds of monthly earnings. Members receiving benefits continue to earn service credit up to their normal retirement dates. Members with long-term disability commencement dates after June 30, 1999, are limited to 30 years of service or the service on record as of the effective disability date if their service is greater than 30 years.

Contributions – In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2019, statute required active ASRS members to contribute at the actuarially determined rate of 11.8 percent (11.64 percent for retirement and 0.16 percent for long-term disability) of the members' annual covered payroll, and statute required the Town to contribute at the actuarially determined rate of 11.8 percent (11.18 percent for retirement, 0.46 percent for health insurance premium benefit, and 0.16 percent for long-term disability) of the active member's annual covered payroll.

In addition, the Town was required by statute to contribute at the actuarially determined rate of 10.53 percent (10.41 percent for retirement, 0.06 percent for health insurance premium benefit, and 0.06 percent for long-term disability) of annual covered payroll of retired members who worked for the Town in positions that an employee who contributes to ASRS would typically fill.

The Town's contributions for the pension, health insurance premium benefit, and long-term disability plans for the year ended June 30, 2019, were \$198,960, \$8,186, and \$2,847, respectively.

Liability – At June 30, 2019, the Town reported the following asset and liabilities for its proportionate share of the ASRS' net pension/OPEB asset or liability.

	Net pension/OPEB (asset) liability
Pension	\$ 2,534,076
Health insurance premium benefit	(6,662)
Long-term disability	9,515

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 9. Pensions and Other Postemployment Benefits, Continued

The net asset and net liabilities were measured as of June 30, 2018. The total liability used to calculate the net asset or net liability was determined using update procedures to roll forward the total liability from an actuarial valuation as of June 30, 2017, to the measurement date of June 30, 2018. The total liabilities as of June 30, 2018, reflect changes in actuarial assumptions based on the results of an actuarial experience study for the 5-year period ended June 30, 2016, including decreasing the discount rate from 8 percent to 7.5 percent, changing the projected salary increases from 3–6.75 percent to 2.7–7.2 percent, decreasing the inflation rate from 3 percent to 2.3 percent, and changing the mortality rates.

The Town's proportion of the net asset or net liability was based on the Town's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2018. The Town's proportions measured as of June 30, 2018 and the change from its proportions measured as of June 30, 2017, were:

	Proportion June 30, 2017	Proportion June 30, 2018	Increase (decrease) from June 30, 2017
Pension	0.01523%	0.01817%	0.00294%
Health insurance premium benefit	0.01541%	0.01851%	0.00310%
Long-term disability	0.01528%	0.01821%	0.00293%

The net asset and net liabilities measured as of June 30, 2019, will reflect changes of actuarial assumptions based on the results of an actuarial experience study for the 5-year period ended June 30, 2017. The change in the Town's net asset and net liabilities as a result of these changes is not known.

Expense – For the year ended June 30, 2019, the Town recognized the following pension and OPEB expense:

	Pension/OPEB Expense
Pension	\$ 129,172
Health insurance premium benefit	6,663
Long-term disability	3,589

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 9. Pensions and Other Postemployment Benefits, Continued

Deferred outflows/inflows of resources

At June 30, 2019, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions and OPEB from the following sources:

	Pension		Health Insurance Premium Benefit		Long-Term Disability	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 69,812	\$ 13,970	\$ -	\$ 6,148	\$ 243	\$ -
Changes of assumptions or other inputs	67,056	224,681	12,847	-	2,061	-
Net difference between projected and actual earnings on pension plan investments	-	60,939	-	13,308	-	922
Changes in proportion and differences between contributions and proportionate share of contributions	307,994	23,866	164	7	1,065	-
Contributions subsequent to the measurement date	198,960	-	8,186	-	2,847	-
Total	\$ 643,822	\$ 323,456	\$ 21,197	\$ 19,463	\$ 6,216	\$ 922

The amounts reported as deferred outflows of resources related to ASRS pensions and OPEB resulting from Town contributions subsequent to the measurement date will be recognized as an increase of the net asset or a reduction of the net liability in the year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ASRS pensions and OPEB will be recognized as expenses as follows:

Year Ended June 30	Pension	Health Insurance Premium Benefit	Long-term disability
2020	\$ 152,960	\$ (2,546)	\$ 176
2021	88,214	(2,546)	177
2022	(92,439)	(2,545)	177
2023	(27,329)	291	424
2024	-	894	469
Thereafter	-	-	1,024

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 9. Pensions and Other Postemployment Benefits, Continued

Actuarial Assumptions – The significant actuarial assumptions used to measure the total pension/OPEB liability are as follows:

Actuarial valuation date	June 30, 2017
Actuarial roll forward date	June 30, 2018
Actuarial cost method	Entry age normal
Investment rate of return	7.5%
Projected salary increases	2.7-7.2% for pensions/not applicable for OPEB
Inflation	2.3%
Permanent benefit increase	Included for pensions/not applicable for OPEB
Mortality rates	2017 SRA Scale U-MP for pensions and health insurance premium benefit
Recovery rates	2012 GLDT for long-term disability
Healthcare cost trend rate	Not applicable

Actuarial assumptions used in the June 30, 2017, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2016.

The long-term expected rate of return on ASRS plan investments was determined to be 7.5 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation Effective July 1, 2018</u>	<u>Long-term expected geometric real rate of return</u>
Equity	50%	5.50%
Fixed income	30%	3.83%
Real estate	20%	5.85%
Totals	<u>100%</u>	

Discount Rate –At June 30, 2018, the discount rate used to measure the ASRS total pension/OPEB liability was 7.5 percent, which was a decrease of 0.5 from the discount rate used as of June 30, 2017. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board’s funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the plans’ fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension/OPEB liability.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 9. Pensions and Other Postemployment Benefits, Continued

Sensitivity of the proportionate share of the net pension/OPEB (asset) liability to changes in the discount rate – The following table presents the Town's proportionate share of the net pension/OPEB (asset) liability calculated using the discount rate of 7.5 percent, as well as what the Town's proportionate share of the net pension/OPEB (asset) liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.5 percent) or 1 percentage point higher (8.5 percent) than the current rate:

	1% Decrease (6.50%)	Discount Rate (7.50%)	1% Increase (8.50%)
Proportionate share of			
Net pension liability	\$ 3,612,383	\$ 2,534,076	\$ 1,633,167
Net insurance premium benefit liability (asset)	23,604	(6,662)	(32,442)
Net long-term disability liability	10,783	9,515	8,284

Plan fiduciary net position – Detailed information about the plans' fiduciary net position is available in the separately issued ASRS financial report.

Public Safety Personnel Retirement System (PSPRS)

Plan description – Town police employees who are regularly assigned hazardous duty participate in the Public Safety Personnel Retirement System (PSPRS). The PSPRS administers agent and cost-sharing multiple-employer defined benefit pension plans and agent and cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plans. A nine-member board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions A.R.S. Title 38, Chapter 5, Article 4. Employees who were PSPRS members before July 1, 2017, participate in the agent plans, and those who became PSPRS members on or after July 1, 2017, participate in the cost-sharing plans (PSPRS Tier 3 Risk Pool) which are not further discussed because of their relative insignificant to the Town's financial statements.

The PSPRS issues a publically available financial report that includes financial statements and required supplementary information for the PSPRS plan. The report is available on the PSPRS website at www.psprs.com

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 9. Pensions and Other Postemployment Benefits, Continued

Benefits provided – The PSPRS provides retirement, health insurance premium supplement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

	Initial Membership Date Before January 1, 2012	Initial Membership Date On or After January 1, 2012 and before July 1, 2017
Retirement and Disability		
Years of service and age required to receive benefit	20 years of service, any age 15 years of service, age 62	25 years of service or 15 years of credited service, Age 52.5
Final average salary is based on	Highest 36 consecutive months of last 20 years	Highest 60 consecutive months of last 20 years
Benefit percent		
Normal Retirement	50% less 2.0% for each year of credited service less than 20 years OR plus 2.0% to 2.5% for each year of credited service over 20 years, not to exceed 80%	1.5% to 2.5% per year of credited service, not to exceed 80%
Accidental Disability Retirement	50% or normal retirement, whichever is greater	
Catastrophic Disability Retirement	90% for the first 60 months then reduced to either 62.5% or normal retirement, whichever is greater	
Ordinary Disability Retirement	Normal retirement calculated with actual years of credited service or 20 years of credited service, whichever is greater, multiplied by years of credited service (not to exceed 20 years) divided by 20	
Survivor Benefit		
Retired Members	80% to 100% of retired member's pension benefit	
Active Members	80% to 100% of accidental disability retirement benefit or 100% of average monthly compensation if death was the result of injuries received on the job	

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on inflation. PSPRS also provides temporary disability benefits of 50 percent of the member's compensation for up to 12 months.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 9. Pensions and Other Postemployment Benefits, Continued

Health insurance premium benefits are available to retired or disabled members with 5 years of credited service. The benefits are payable only with respect to allowable health insurance premiums for which the member is responsible. Benefits range from \$100 per month to \$260 per month depending on the age of the member and dependents.

Employees covered by benefit terms – At June 30, 2019, the following employees were covered by the agent plans’ benefit terms:

PSPRS - Police	Pension	Health
Inactive employees or beneficiaries currently receiving benefits	10	10
Inactive employees entitled to but not yet receiving benefits	3	0
Active employees	12	12
Total	25	22

Contributions – State statutes establish the pension contribution requirements for active PSPRS employees. In accordance with state statutes, annual actuarial valuations determine employer contribution requirements for PSPRS pension and health insurance premium benefits. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. Contribution rates for the year ended June 30, 2019, are indicated below. Rates are a percentage of active members’ annual covered payroll.

	Active member - Pension	City - Pension	City-Health insurance premium
PSPRS Police	7.65-11.65%	52.86%	1.60%
PSPRS Tier 3 risk pool	9.94%	9.68%	0.26%

In addition, statute required the Town to contribute at the actuarially determined rate of 41.86% of the annual covered payroll of retired members who worked for the Town in positions that an employee who contributes to the PSPRS would typically fill and employees participating in the PSPRS Tier 3 Risk Pool in addition to the Town’s required contributions to the PSPRS Tier 3 Risk Pool.

The Town’s contributions to the plans for the year ended June 30, 2019 were:

	Pension	Health Insurance Premium Benefit
PSPRS	\$ 317,833	\$ 10,161
PSPRS Tier 3 risk pool	62,356	1,920

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 9. Pensions and Other Postemployment Benefits, Continued

During the fiscal year 2019, the Town paid for PSPRS pension and OPEB contributions 100% from the general fund.

Liability – At June 30, 2019, the Town reported the following assets and liabilities.

	Net pension (asset) liability	Net OPEB (asset) liability
PSPRS Police	\$ 5,184,454	\$ 148,491

The net assets and net liabilities were measured as of June 30, 2018, and the total liability used to calculate the net asset or liability was determined by an actuarial valuation as of that date.

Actuarial assumptions – The significant actuarial assumptions used to measure the total pension/OPEB liability are as follows:

Actuarial valuation date	June 30, 2018
Actuarial cost method	Entry Age Normal
Investment rate of return	7.4%
Wage inflation	3.5% for pensions/not applicable for OPEB
Price Inflation	2.5% for pensions/not applicable for OPEB
Cost-of-living adjustment	Included for pensions/not applicable for OPEB
Mortality rates	RP-2014 tables using MP-2016 improvement scale with adjustments to match current experience
Healthcare cost trend rate	Not applicable

Actuarial assumptions used in the June 30, 2018, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2016.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 9. Pensions and Other Postemployment Benefits, Continued

The long-term expected rate of return on PSPRS plan investments was determined to be 7.4 using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expense and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Geometric Real Rate of Return</u>
Short term investments	2%	0.25%
Risk parity	4%	5.00%
Fixed income	5%	1.25%
Real assets	9%	4.52%
GTS	12%	3.96%
Private credit	16%	6.75%
Real estate	10%	3.75%
Private equity	12%	5.83%
Non-U.S. equity	14%	8.70%
U.S. equity	16%	7.60%
Total	<u>100.00%</u>	

Discount Rate – At June 30, 2018, the discount rate used to measure the PSPRS total pension/OPEB liabilities was 7.40 percent, which was the same as the discount rate used as of June 30, 2017. The projection of cash flows used to determine this discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the plans’ fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension/OPEB liability.

* Other changes include adjustments for prior year GASB 68 and reserve transfer to/from employer and employee reserves.

Sensitivity of the Town's net pension/OPEB (asset) liability to changes in the discount rate – The following table presents the Town's net pension/OPEB (assets) liabilities calculated using the discount rate of 7.4 percent, as well as what the Town's net pension/OPEB (asset) liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.4 percent) or 1 percentage point higher (8.4 percent) than the current rate:

	1% Decrease (6.40%)	Discount Rate (7.40%)	1% Increase (8.40%)
PSPRS-Police			
Net pension (asset) / liability	\$ 6,175,023	\$ 5,184,454	\$ 4,373,092
Net OPEB (asset)/ liability	175,171	148,491	126,158

Plan fiduciary net position – Detailed information about the pension plans' fiduciary net position is available in the separately issued PSPRS financial report.

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 9. Pensions and Other Postemployment Benefits, Continued

Expense – For the year ended June 30, 2019, the Town recognized the following pension and OPEB expense:

	Pension expense	OPEB expense
PSPRS Police	\$ 834,872	\$ 14,690

Deferred outflows/inflows of resources – At June 30, 2019, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions and OPEB from the following sources:

PSPRS - Police	Pension		Health Insurance Premium Benefit	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 67,238	\$ 243,338	\$ 15,140	\$ -
Changes in assumptions	260,198	-	-	2,548
Net difference between projected and actual earnings on pension/OPEB plan investments	30,570	-	-	1,971
Contributions subsequent to the measurement date	380,189	-	12,081	-
Total	\$ 738,195	\$ 243,338	\$ 27,221	\$ 4,519

The amounts reported as deferred outflows of resources related to PSPRS pensions resulting from Town contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to PSPRS pensions will be recognized in pension expense as follows:

Year Ended June 30	PSPRS - Police	
	Pension	Health Insurance Premium Benefit
2020	\$ 109,249	\$ 2,632
2021	80,609	2,632
2022	(58,225)	2,771
2023	(16,965)	2,586
2024	-	-
Thereafter	-	-

TOWN OF PINETOP-LAKESIDE, ARIZONA
Notes to the Financial Statements
June 30, 2019

Note 10. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The Town's insurance protection is provided by the Arizona Municipal Risk Retention Pool, of which the Town is a participating member. The limit for basic coverage is for \$5,000,000 per occurrence on a claims made basis.

The Arizona Municipal Risk Retention Pool is structured such that members' premiums are based on an actuarial review that will provide adequate reserves to allow the pool to meet its expected financial obligations. The pool has the authority to assess its member's additional premiums should reserves and annual premiums be insufficient to meet the pool's obligations.

The Town continues to carry commercial insurance for other risks of loss, including workers, compensation and employee health and accident. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past four fiscal years. The Town is insured by SCF of Arizona for potential worker related accidents.

Note 11. Contingencies

The Town is involved with various matters of litigation from year to year. It is the opinion of Town officials that these cases will either be handled by the Town's insurance coverage or that they will not have a material effect on the Town's financial condition.

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the Town does not anticipate any such amounts.

Notes to the Pension/OPEB Plan Schedules
June 30, 2019

NOTE 1. Actuarially Determined Contribution Rates

Actuarially determined contribution rates for PSPRS are calculated as of June 30 two years prior to the end of the fiscal year in which contributions are made. The actuarial methods and assumptions used to establish the contribution requirements are as follows:

Actuarial cost method	Entry Age Normal
Amortization Method	Level percent of pay, closed
Remaining Amortization Period as of the 2017 actuarial valuation	29 years for underfunded; 20 years for overfunded
Asset valuation method	7-Year smoothed market; 80%/120% market corridor
Actuarial assumptions:	
Investment rate of return	In the 2017 actuarial valuation, the investment rate of return was decreased from 7.5% to 7.4%. In the 2016 actuarial valuation, the investment rate of return was decreased from 7.85% to 7.5%. In the 2013 actuarial valuation, the investment rate of return was decreased from 8.0% to 7.85%.
Projected salary increases	In the 2017 actuarial valuation, projected salary increases were decreased from 4.0%-8.0% to 3.5%-7.5%. In the 2014 actuarial valuation, projected salary increases were decreased from 4.5%-8.5% to 4.0%-8.0%. In the 2013 actuarial valuation, projected salary increases were decreased from 5.0%-9.0% to 4.5%-8.5%.
Wage growth	In the 2017 actuarial valuation, wage growth was decreased from 4% to 3.5%. In the 2014 actuarial valuation, wage growth was decreased from 4.5% to 4.0%. In the 2013 actuarial valuation, wage growth was decreased from 5.0% to 4.5%.
Retirement age	Experience-based table of rates that is specific to the type of eligibility condition. Last updated for the 2012 valuation pursuant to an experience study of the period July 1, 2006 - June 30, 2011.
Mortality	In the 2017 actuarial valuation, changed to RP-2014 tables, with 75% of MP-2016 fully generational projection scales. RP-2000 mortality table (adjusted by 105% for both males and females)

Required Supplementary Information
Notes to the Pension/OPEB Plan Schedules
June 30, 2019

NOTE 2. Factors that Affect Trends

Arizona courts have ruled that provisions of a 2011 law that changed the mechanism for funding permanent pension benefit increases and increased employee pension contribution rates were unconstitutional or a breach of contract because those provisions apply to individuals who were members as of the law's effective date. As a result, the PSPRS changed benefit terms to reflect the prior mechanism for funding permanent benefit increases for those members and revised actuarial assumptions to explicitly value future permanent benefit increases. PSPRS also reduced those members' employee contribution rates. These changes are reflected in the plans' pension liabilities for fiscal year 2015 (measurement date 2014) for members who were retired as of the law's effective date and fiscal year 2018 (measurement date 2017) for members who retired or will retire after the law's effective date. These changes also increased the PSPRS required pension contributions beginning in fiscal year 2016 for members who were retired as of the law's effective date. These changes increased the required contributions beginning in fiscal year 2019 for members who retired or will retire after the law's effective date.

REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY COMPARISON SCHEDULES
FOR THE FOLLOWING MAJOR FUNDS

General Fund

The **General Fund** is used to account for resources traditionally associated with Town which are not required legally or by sound financial management to be accounted for in another fund.

Special Revenue Funds

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditures for a particular purpose.

- **Highway User Revenue Fund** (Streets) – This fund is used to account for the Town’s share of motor fuel tax revenues which are set aside for the maintaining, repairing, and upgrading of streets.
- **Recreation and Tourism Fund** - This fund is used to account for revenues derived from specific taxes, grant or other restricted revenue sources. Town ordinances or Federal and state statutes specify the use and limitation of each revenue source

STATISTICAL SECTION

This part of the Town of Pinetop-Lakeside’s financial report presents detailed information as a context for understanding what the information in the financial statements, notes disclosures, and required supplementary information says about the government’s overall financial health.

Contents	Page
Financial Trends	81
<i>These schedules contain trend information to help the reader understand how the government’s financial performance and well-being have changed over time.</i>	
Revenue Capacity	86
<i>These schedules contain information to help the reader assess the government’s most significant local revenues source, the sales tax.</i>	
Debt Capacity	88
<i>These schedules present information to help the reader assess the affordability of the government’s current levels of outstanding debt and the government’s ability to issue additional debt in the future.</i>	
Demographic and Economic Information.....	92
<i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the government’s financial activities take place.</i>	
Operating Information	93
<i>These schedules contain service and infrastructure data to help the reader understand how the information in the government’s financial report relates to the services the government provides and the activities it performs</i>

Note: Overlapping governments are those that coincide, at least in part, with geographic boundaries of the Town. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the taxpayers of the Town of Pinetop-Lakeside. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the taxpayers should be taken into account.

OTHER COMMUNICATIONS FROM INDEPENDENT AUDITORS

This page intentionally left blank

**Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed
in Accordance with *Government Auditing Standards***

The Honorable Mayor and
Town Council
Pinetop-Lakeside, Arizona

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Town of Pinetop-Lakeside, Arizona, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements and have issued our report thereon dated December 18, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Pinetop-Lakeside, Arizona's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described

in the separately issued findings and recommendations letter that we consider to be significant deficiencies.

2016-001. Year-end Accounting

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CPAs & ADVISORS

**Independent Auditors' Report on
State Legal Compliance**

The Honorable Mayor and
Town Council
Pinetop-Lakeside, Arizona

We have audited the basic financial statements of the Town of Pinetop-Lakeside, Arizona for the fiscal year ended June 30, 2019, and have issued our report thereon dated December 18, 2019. Our audit also included test work on the Town of Pinetop-Lakeside's compliance with selected requirements identified in the State of Arizona Revised Statutes and the Arizona State Constitution including, but not limited to, Title 28, Chapter 18, Article 2.

The management of the Town of Pinetop-Lakeside is responsible for the Town's compliance with all requirements identified above. Our responsibility is to express an opinion on compliance with those requirements based on our audit; accordingly, we make the following statements:

The Town of Pinetop-Lakeside has established separate funds to account for Highway User Revenue funds and Local Transportation Assistance funds. Highway user revenue fund monies received by the Town of Pinetop-Lakeside pursuant to Title 28, Chapter 18, Article 2 and other dedicated state transportation revenues received during the current fiscal year appear to have been used solely for authorized purposes. The funds are administered in accordance with Generally Accepted Accounting Principles. Sources of revenues available and fund balances are reflected in the individual fund financial statements.

Our opinion regarding the Town's compliance with annual expenditure limitations has been issued separately with the Town's Annual Expenditure Limitation Report.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the requirements referred to above occurred. An audit includes examining, on a test basis, evidence about the Town's compliance with those requirements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the Town of Pinetop-Lakeside complied, in all material respects, with the requirements identified above for the fiscal year ended June 30, 2019.

The purpose of this report is solely to describe the scope of our testing of the applicable compliance requirements identified in the Arizona Revised Statutes as noted above and the results of that testing based on the state requirements. Accordingly, this report is not suitable for any other purpose.
