17.84.010 Purpose.

The intent of this chapter is to establish procedures and standards for development activities that are compatible with land uses permitted by right. The Community Development Director shall review to determine adequate location, design, configuration, operating characteristics, intensity or density, in order to assure the following:

- A. All land uses proposed should be in conformity with the surrounding land uses and the environment.
- B. Consistency with the official zoning map and General Plan.
- C. Coordination of public and private utilities and services, including traffic safety and control, access, and drainage. (Ord. 15-393 § 1 (part); Ord. 13-369 § 2 (Exh. A)(part))

17.84.020 Applicability.

- A. This chapter shall be applicable to any residential, commercial or other nonresidential development project involving less than four (4) divisions of a parcel, tract or lot, including a new building site occurring within any preexisting development.

B. No building permits or development approvals shall be granted unless all requirements are met in accordance with site plan approval, as applicable, as described herein. (Ord. 15-393 § 1 (part); Ord. 13-369 § 2 (Exh. A)(part))

17.84.030 Exceptions/exemptions.

A. One (1) single-family residence or one (1) duplex residence on a single parcel shall be exempted from the site plan process if approved pursuant to Section [17.84.150](#), Plot plan review.

B. Any proposed development which is subject to the Town Subdivision Code.

C. Paving projects are exempt from the standards herein, but shall conform to the Town grading and drainage requirements.

D. Landscaping projects are exempt from the standards herein. (Ord. 15-393 § 1 (part); Ord. 13-369 § 2 (Exh. A)(part))

17.84.040 Preapplication conference.

A pre-application conference shall be required by the Director prior to the submittal of a complete site plan application, in which case a conceptual site plan shall be provided to the Director for preliminary review. (Ord. 15-393 § 1 (part); Ord. 13-369 § 2 (Exh. A)(part))

17.84.050 Conceptual site plan submittal requirements.

A. Conceptual Site Plan. A conceptual site plan should be drawn at a scale no smaller than one hundred (100) feet to one (1) inch and should include the following:

1. Accurate lot dimensions, including lot width, length, and area calculations.
2. Parking areas accurately depicting location, size, and number.
3. Location and dimensions of all structures, including height, and area setbacks.
4. Location, type, and dimensions of proposed signage.
5. Data on any relevant existing site conditions such as physical characteristics, adjacent land uses, community facilities, and public or private utilities as required by the Director.
6. Design Information. Sufficient information regarding architectural design, building materials, landscaping, fencing and/or walls sufficient to permit the Director or Commission to provide a preliminary evaluation of the plan.
7. Location of environmentally sensitive areas, including watercourses, floodplains, wetlands, natural habitat, and major trees or major groups of trees. (Ord. 15-393 § 1 (part); Ord. 13-369 § 2 (Exh. A)(part))
