Agreement of Terms and Conditions

1. **Orders and Deposits.** Interior Solutions of Utah, LLC, (IS) requires a non-refundable deposit of 50% of the total order before product or services can be ordered. No order will be placed with manufacturers or removed from IS stock for the customer until such deposit is received by IS. The Deposit will be applied to the client's account pro rata as product is invoiced.
2. **Design and Modifications.** The quotations referenced herein are based upon a design layout prepared by Interior Solutions or another design firm and approved by the client; and also based upon the plans and specifications and anticipated conditions of the job site. Any services rendered for customer to change or modify the design and/or layout before or during installation will be charged to the customer at prevailing rates. If such changes or modifications result in the need for additional products, parts, materials or labor, they will be agreed upon in writing, in advance, including the specific costs to be paid by Customer. The signed design and layout are hereby included as part of the terms and conditions of the job.
3. **Cancellation or changes.** The sales proposal, which includes the terms and conditions, after execution by IS and Purchaser, cannot be cancelled or modified except with written approval from Interior Solutions. No wall, window, floor coverings, furniture, or specialty items can be cancelled after the manufacturer begins production. Neither can such items be returned for a refund. Quantities and prices of coverings and other items estimated from blueprints or other drawings are subject to change when field measurements are taken. Such changes will be charged or credited to the purchaser.
4. **Invoicing and Payment.** Customers will be invoiced for the balance of projects (after deposit) when a majority of the product is received at Interior Solutions' or a third-party warehouse. If product is being delivered from the manufacturer directly to the customer site, the order will be invoiced upon vendor invoice to Interior Solutions. Purchaser agrees to pay each invoice within ten days of the invoice date. Installation charges need to be paid within ten days of installation. Customer must sign delivery tickets to acknowledge receipt of individual components delivered on site. Should any portion of the job be unacceptable or undelivered, Purchaser may withhold payment for such unacceptable or undelivered products only. In no case is payment to be withheld for acceptable products. Proposals reflect a cash/check payment. Credit card payments are subject to a 2.5% processing fee.
5. **Installation.** Interior Solutions will make every effort to install all products as timely as possible. Due to the nature of the component modular furniture industry, e.g. uncertain factory shipping schedules, it is possible that Interior Solutions will only be able to deliver and install portions of the job at a time. Installation and delivery services are conducted during the normal business hours of 8:00 am to 5:00 pm, Monday through Friday. Services performed before or after normal business hours will be charged at 1 times the rate charged during normal business hours unless mutually agreed to in writing. Installation quotes are based upon free and clear space, and elevator access other than ground level installations. If the customer requests moving of products, other than those delivered or previously agreed upon, or if conditions at the delivery and/or installation site(s) are significantly changed from those anticipated at the signing of the Purchase Agreement (such as elevator not available, staging area not cleared, other trades still working in installation or staging areas, etc.) the customer shall be invoiced for, and agrees to pay for, all necessary extra charges associated therewith. Any additional installation charges will be at prevailing rates including overtime rates. If the customer is unable or unwilling to accept installation or delivery of the products according to the specified schedule, the products may be stored by Interior Solutions, in which case the customer shall pay warehouse storage charges as well as labor charges associated with any additional handling required. If, during installation, additional products are necessary or required to complete the job, such additional products and the labor to install such products will be charged to the customer at prevailing rates.
6. **Warranties and Claims.** Interior Solutions MAKES NO WARRANTIES, EXPRESSED OR IMPLIED, AS TO MERCHANTABILITY OR AS TO THE SUITABILITY OF THE MERCHANDISE FOR ANY PARTICULAR PURPOSE, EXCEPT THOSE MADE BY THE MANUFACTURER OF THE PRODUCTS. No warranty is given on used or close-out products. Purchaser shall inspect the merchandise upon delivery. Acceptance of delivery constitutes acceptance of the merchandise as delivered. Any warrant claims for latent defects in workmanship and materials, not discoverable upon reasonable inspection at delivery, must be made in writing within the warranty period of the manufacturer.
7. **Security Interest.** Interior Solutions retains, and the customer hereby grants to Interior Solutions, a security interest in the products to secure the purchase price thereof. The products shall remain personal property regardless of being affixed to any real property. If the customer defaults in the payment of the purchase price when due, Interior Solutions shall have all rights and remedies granted by the Uniform Commercial Code.
8. **Insurance and Risk of Loss.** All risk of loss shall pass from IS to Purchaser upon delivery of merchandise to either the Purchaser, or into storage for the account of the Purchaser after the installation date. Purchaser shall be responsible for insurance on such merchandise.
9. **Taxes.** Prices do not include applicable sales tax or other state, county, city, or other taxes. If there are such taxes, Purchaser shall be responsible to pay such taxes. Buyers exempt from taxes shall furnish certificate(s) of exemption as soon as practicable but in any event, prior to invoicing by IS.
10. **Permits and related fees.** Prices do not include permits or local fees unless specifically stated and quantified, unless specifically stated in the proposal.
11. **Default, Interest, and Fees.** Purchaser shall pay interest at 18% per annum on all payments in default, and shall pay reasonable attorneys fees, costs, and expenses incurred by IS in the enforcement of this agreement.
12. **Electrical, Data, and Audio/Visual.** Electrical, Data, and Audio/Visual wiring, including configuring, pulling wires, core drills, connections, and the labor for these services are not provided by I.S. unless mutually agreed upon in writing. TVs, monitors, displays and related cabling,

electronics and connections are not included and are to be arranged for by Purchaser unless mutually agreed upon in writing. If we are engaged early in the planning process, we can work with your licensed, qualified electrician to suggest placement of access so that furniture placement will not hinder access to power, data, and AV.

13. Reliance and Controlling Law. Upon entering into this agreement, Purchaser is relying only on the written IS proposal, these terms and conditions which are part of the proposal, and the design layout. Purchaser is not relying upon any other oral or written statements from IS personnel nor manufacturers nor third party service providers.
