

**TOWN OF PINETOP-LAKESIDE
REQUEST FOR FLOODPLAIN INFORMATION**

Parcel # _____ - _____ - _____ Subdivision _____ Lot # _____

Physical Address: _____ Zoning: _____

Requestor's Name: _____

Address: _____

Telephone: _____ Fax: _____

In response to your request, the Community Development Department can supply the following floodplain information. This information is for the above referenced parcel, and is based on the best data available to us at the time of the request. The existence or the location of structures on the parcel is not known by the Community Development Department, unless otherwise noted on this form. Floodplain information will be provided for structures on a parcel if a certified site plan of the property is provided by the requestor. Please note that all parcels identified as being in a floodplain area are subject to the requirements of the Town of Pinetop-Lakeside Floodplain Regulations.

Federal law requires that a flood insurance policy be obtained as a condition of a federally backed mortgage or loan for structures in the special floodplain areas shown on current Flood Insurance Rate Map. Lenders are legally responsible for determining if a flood insurance policy is required for a loan. The information below is not a guaranteed determination.

The parcel is shown on Flood Insurance Rate Map Number 04017C47 ____ F.
The effective date of the revised FIRM is August 17, 2015.

The parcel is within:

- Zone A: Special flood hazard areas subject to inundation by the 1% annual chance flood; No base flood elevations determined.
- Zone AE: Special flood hazard areas subject to inundation by the 1% annual chance flood; Base flood elevations determined.
- Zone X: Areas of 0.2% annual chance flood; areas of 1% annual chance flood with average depths of less than one foot or with drainage areas less than 1 square mile.
- Zone X: Areas determined to be outside the 0.2% annual chance floodplain.
- Zone D: Areas in which flood hazards are undetermined, but possible.

This information may change as existing floodplain maps are revised or new maps are added. Parcels not in designated special floodplain areas may be subject to flooding from undesignated watercourses or from floods greater than shown on the FIRM. This letter does not create liability on the part of the Town of Pinetop-Lakeside, or any officer or employee thereof, for any damage that results from reliance on this information. Please direct questions to Paul Esparza at (928) 368-8696 x230.
